MEETING MINUTES – July 2019

It's summer vacation time! The staff was taking a well desired break and no meeting occurred in July.

MODELMASTERS PICNIC/FUNFLY -AUGUST 17, 2018

On August 17th, rain date the 18th, we will be having our 9th Annual Picnic/Fun-Fly. It promises to be a fun day. A series of aeronautical challenges that will appeal to all skill levels are being developed. Again, this year our guests will have the opportunity to fly a trainer plane using a buddy box system under the supervision of our members. On the grill will be hamburgers and hot dogs served with all the customary toppings. Fresh corn on the cob and delicious potato salad and coleslaw will also be served along with ice cold watermelon. And of course we would welcome any additional dishes and desserts that attendees would like to bring to share. We look forward to having a lot of fun and to the opportunity of showing our guests the kinds of things we do and how enthusiastic we are about our hobby/sport. To help defray the picnic expenses there will be a \$5.00 charge per person. Children are free.

Thank you, Bob

<Bob will be asking for an RSVP via Google groups. Collection of your \$5.00 will be on the day of the picnic>

Meet New Member Paul Olivett

How did you become interested in the RC hobby/sport?

I delivered a plane to a friend of mine and he showed me some of what he had at the time.

How long have you been in the hobby/sport?

About twenty five years off and on.

What aspect of the hobby/sport are you most interested in?

Most interesting to me is 3D flying.

What was your 1st plane?

My first plane was a hobbico sturdy birdy.

Do you have a favorite Plane? If so which one and why?

Favorite plane has always been the P-51 mustang D model. The sound of the Merlin engine.

What is the most challenging part of the hobby/sport for you?

Most challenging aspect, crosswind landings and not buying every new plane that comes out.

Do you have goals regarding what you want to accomplish in the hobby/sport? What are they?

Goals are to have fun, don't crash.

What other hobbies or areas of interest do you have?

I also enjoy fly fishing, tying my own flies and pistol shooting.

What advise do you have for new people getting into the hobby/sport?

Advice for new comers, join a club,ask for and let someone help you, ask questions, Start with a good trainer plane and lastly hold on to your wallet.

If you are a recent new member OR a long time member and have never been featured in the newsletter, consider sending your answers along with photo(s) to the questions above to the Wing Tips email address. You'll earn model master dollars too!

Interesting stuff

Flavio Ambrosini

- This link will bring you to a website that someone has put together covering several types of old toys. The link opens up to the category of wooden gliders (small ones that come in a plastic sleeves and are bought in many stores). The author covers how the different companies came about historically. There are a lot of pictures from his personal collection that he has put together over the years. Enjoy!

Dillon Losee:

- I got my Turbo be in the mail still have to wait for the batteries I'm excited to fly this little fpv racer also I finished the work on the tiger moth just waiting on the propellers to get here 13 x 8 the pump for crop-dusting it will work.
- Chance Vought XF5U RC-Scale Model "Flying Pancake" - Well if I ever was to get involved in a group field it would have to be something interesting or unique I think the flying pancake fits the bill. Whether or not I will physically be able to do it or not maybe another story though but it definitely seems like an interesting and challenging project for a group build a built at a micro or mini version if able. - <https://youtu.be/gnTEXdialsk>
